Our 2020 season will defiantly go down in the history books. As our season started full of energy and excitement it came to a screeching halt with the COVID-19 pandemic. Golden Elite board and staff worked hard to salvage what was left of our season by implementing social distance guidelines, temperature checks, and multi-time practice just to ensure our athletes and families stayed safe while trying to adjust to or new normal. We would like to take the time to thank every coach, staff, and board members for making this all possible. Even though our athlete numbers decreased due to the pandemic the remaining athletes have worked hard to get back in the swing of things. Despite the USATF Junior Olympics being canceled the GE athletes are excited to compete in Alabama Heat's 5th Annual Regional Tune-Up meet in Oxford, AL on July 11, 2020, and The Alabama State Games July 30-August 2nd in Enterprise AL. Thank you to all the parents and guardians for allowing Golden Elite to be a part of your child's lives and we're forever grateful.

THANK YOU TO OUR 2020 SEASON SPONSOR AND SUPPORTERS
