COMMUNITY ENGAGEMENT

On the inaugural day of our 2024 season practice, we were honored to have Brandon Saho, the founder of The Mental Game Podcast and a former sports reporter, share his insights with our athletes. Brandon, who is currently on an ambitious tour visiting 30 cities in 30 days, aims to raise awareness about mental health by sharing his own experiences. His visit underscored the importance we place on mental health within our organization, highlighting how organized sports can significantly benefit mental well-being. We extend our heartfelt thanks to the EscaRosa Suicide Prevention Coalition for making this connection possible and helping to enrich our athletes' understanding of mental health.

Justin Gatlin Freshman & Sophomore Invitational

Please join us on March 23rd for the Justin Gatlin Freshman & Sophomore Invitational, made possible by the generous support of the Pensacola Sports Association Community Grant. Justin Gatlin, eager to bring track meets back to his hometown, immediately agreed to collaborate with our organization upon being approached. This inaugural FHSAA-sanctioned meet provides a unique platform for Florida High School freshmen and sophomores to showcase their talents. Don't miss out - get your spectator tickets today!
